

Lodging Information

The games site is off of Belmont & Freeway 99. While this location is very convenient, it is not the best place to stay. I recommend staying off of Ashlan or Shaw & 99 if you want to be within a couple minutes of the games. If you are interested in a suites hotel or an area that is very close to good restaurants, then go for the hotels that are close to Freeway 41. This is in the center of town. No matter the location, you'll be within 15 minutes of the games site.

The information provided is only a sample listing and not recommendations. The rates were found on various websites, hotels.com, travelocity.com and individual hotel sites. These are just a few of the many hotel choices. You may find better rates of other sites and/or contacting the chain directly.
